- Perform analysis on bidding/scheduling to ensure portfolio optimization
- Maintain compliance with all company and market policies and procedures
- Support of Meter Uptime Compliance, Validations, M&V reporting and procedures
- Collaborate with other teams to form process improvements that optimize the customer experience
- Build, develop, and maintain bidding/scheduling processes and procedures
- Ability to work independently and to carry out assignments to completion within parameters of instructions given, prescribed routines, and standard accepted practices

Who You Are:

- Self-motivated & determined professional driven to succeed
- Track record of high performance (exceeding goals)
- Experience in a fast paced, startup environment with tight deadlines while maintaining a positive attitude and providing exemplary customer service
- Professional communication skills – both on the phone and over email
- At least two years of Wholesale/Retail Energy Markets
- Strong analytical and problem-solving skills with a high attention to detail

What We Provide:

- Fun learning environment with incredible growth opportunities
- Access to Executive Leadership Team
- Attractive benefits package with an array of healthcare benefits
- Participation in Employee Stock Option Plan
- Opportunity to be a part of one of the fastest growing cleantech companies!
