

**Job Title:** Quality Assurance Engineer

**Job Type:** Full-time / Part-Time / Intern

**Location:** New York, Boston, MA, Tampa, FL (Virtual as Needed)

**Apply:** Send resume to [jobs@coienergyservices.com](mailto:jobs@coienergyservices.com)

**Work Authorization:** Open to all applicants

### **The Role:**

Want to work at a fun, fast-growing start-up that is tackling one of the biggest challenges of our lifetime?

COI Energy is looking for dedicated Quality Assurance Engineer

### **What You'll Be Doing:**

- Test current products and identifying deficiencies
- Test Web Application and API using API automated software
- Investigate product quality in order to make improvements to achieve better customer satisfaction  
Collaborate with the Product Development and DevOps Teams team to ensure consistent project execution
- Identify quality assurance process bottleneck and suggest actions for improvement
- Prepare and present reports and metrics to Senior Management

### **Who You Are:**

- Self-motivated & determined professional driven to succeed
- Track record of high performance (exceeding goals)
- Experience in a fast paced, startup environment with tight deadlines while maintaining a positive attitude and providing exemplary customer service
- Professional communication skills – both on the phone and over email
- At least two years of Wholesale/Retail Energy Markets
- Strong analytical and problem-solving skills with a high attention to detail

### **What We Provide:**

- Fun learning environment with incredible growth opportunities
- Access to Executive Leadership Team
- Attractive benefits package with an array of healthcare benefits
- Participation in Employee Stock Option Plan
- Opportunity to be a part of one of the fastest growing cleantech companies!

**About COI Energy:**

At COI Energy, we care about making a positive impact on the world. Our mission is to make the world more energy efficient by improving building energy performance and grid optimization.

Through our proprietary, disruptive technology platform, COI Energy significantly lowers businesses' energy costs, optimizes the electrical grid, and combats climate change by reducing carbon emissions.
