

**Job Title:** Materials Technician (temp position)

**Location:** Somerville, MA

**Timeline:** Nov 15<sup>th</sup>, 2021 – Feb 2022 with possible extension until May 2022

**Hours:** 40 hours per week

**Pay:** \$25/hour

Kornit Digital develops and manufactures printing solutions for the Garment, Apparel, and Textile industries.

Kornit AMT headquarters, in Somerville, MA, is looking for a self-motivated individual looking for gaining valuable work experience in a dynamic, growing company that is a pioneer in field of additive manufacturing/3D printing. We are looking for an individual driven by the desire to have an impact, with a “get it done” attitude.

**The Job:**

- Contribute in the manufacturing of materials formulations for 3D printing of footwear application.
- Occasionally assist senior colleagues in Materials team with conducting experiments and data collection.
- Diligent in documenting information and observations.
- Extremely hands-on work in the lab.

**Required Skills:**

- Ability to take great notes and pay attention to small details.
- Willingness to get hands dirty and execute on repetitive tasks.
- Dedication to following protocol for lab safety and cleanliness.
- A “go-getter” attitude and propensity to take initiative to get things done.

**Preferred Skills:**

- Ideal candidate will have some exposure to working in wet lab environment.
- Creativity and using imagination to solve issues is very valuable.
- Has strong collaborations skills and ability to work in a close-knit dynamic organization.
- Takes personal pride in being reliable and delivering consistent work.
